Continuing Education Credits

**6.5
CEs**

The Suicide Prevention Resource Center (SPRC) is approved by the American Psychological Association to sponsor continuing education for psychologists, and mental health counselors. Participants may receive 6.5 hours of CE credit through NASW and NBCC for LMFT, LCSW, LPCC and LEP. Application for Gambling Professionals has been approved. Application for Substance abuse professionals will be approved prior to the workshop. Partial credit will not be given for partial attendance.

Objectives:

Participants will:

1. Gain knowledge in the following core competencies: maintaining an effective attitude and approach; collecting accurate assessment information; formulating risk; developing a treatment and services plan; and managing care.
2. Experience increased willingness, confidence, and/or clarity in working with individual at risk for suicide.
3. Build fundamental skills in assessing suicide risk.
4. Identify changes to make in their practice, specific to the assessment and management of individuals at risk for suicide.
