**Thank you for considering interning with Region V Systems!
We look forward to receiving your application.**

Steps to Become an Intern with Region V Systems

You can expect that our internship application review generally takes 4-6 weeks to process. Please plan accordingly and apply well ahead of your anticipated needs, especially if you require a minimum number of practicum hours. Before applying for our internship program, you are encouraged to call Human Resources to discuss your internship needs as our departments vary in the number of hours we sponsor interns. Below are the basic steps to become an intern with Region V Systems:

- 1) Along with your resume, complete this application and submit to Region V as directed (write legibly!).
- 2) You will receive written confirmation from Human Resources that your application was received as well as status updates regarding your application processing and approval.
- 3) Region V may require that background checks be conducted on your behalf, depending on the number of hours interning and/or scope of interning. A positive reference is required from your practicum professor.
- 4) You may be required to interview with the department for which you want to intern with.
- 5) Once you have been accepted into our internship program, you will be required to complete an orientation session as part of your internship experience. This may be concurrent with your other internship activities.

Questions? You may e-mail Human Resources at hr@region5systems.net or call 402-441-4343 and ask for Human Resources.
