

Region V Systems

Network Management Policies

CARF Standard 2

206 NAC 1-000

Neb. Rev. Stat. §§ 71-801 to 71-818

Revised: RGB 11/13/17

■ Network Scope Policy

Region V Systems shall maintain a Provider Network, delineating and defining network functions, roles, relationships, rights, and responsibilities as it relates to persons served, providers, referral sources, payers, and other relevant stakeholders.

Region V Systems and its Provider Network shall share information about its scope of services with stakeholders through a variety of venues that are relevant to the needs of individuals.

Region V Systems shall review its Network Provider scope at least annually and update as necessary.
