Revised: 6/14/04

■ Site Visit Policy

Region V Systems is responsible for monitoring, reviewing, and performing programmatic, administrative, fiscal accountability, and oversight functions on a regular basis with all Network Providers in Region V Systems' Behavioral Health Provider Network, known as the "Network."

1. Region V Systems ensures the accountability of services through audits. Audits include a review of: independent financial audits, and
2. Site visits, including audit of services purchased, audit of program fidelity, and review of minimum standards and contract requirements

See corresponding procedures for "Site Visit"
