The CDS system will send to the EBS a detail showing that there is (-16) units for March when the March TADs is revised. TADS can be altered up to 3 months prior to the month for which reimbursement/payment is being billed (that is if requesting reimbursement for April, TADs for January, February or March are allowed to be revised) without special permission.

The information then will be transmitted to EBS on the next scheduled date, and EBS calculates the billing accordingly reflecting the changes to the services for the applicable service month.

DELETING PROVIDER REIMBURSEMENT REQUEST

Once a PRR has been submitted to the Region\Owner Contractor you are unable to modify anything on that request. You must contact the Region\Owner Contractor to ask them to reject the request back to you to make any adjustments.

Once you have been notified by the Region\Owner Contractor that they rejected the PRR back it will appear under the Payment Section.

The screenshots illustrate the steps to delete a provider reimbursement request in the DHHS Electronic Billing System:

- Screenshot 1:** The 'Welcome' page. A red arrow points to the 'Payments' link in the left sidebar, and another points to the 'Select Payments' button in the main content area.
- Screenshot 2:** The 'Reimbursement Request' page. A red arrow points to the 'Reimbursement Request' link in the left sidebar.
- Screenshot 3:** The 'Reimbursement Request : Douglas CMHC - 4102 Woolworth Ave., Omaha' page. Two red arrows point to the 'New Request' buttons next to the contract entries, with a callout box stating 'Select appropriate contract'.
- Screenshot 4:** The detailed view of a reimbursement request. A red arrow points to the 'Status' column, which now displays 'Rejected', with a callout box stating 'Status has changed to Rejected'. Another red arrow points to the 'PRR Create Date' column, which shows '02/05/2017 10:32:07 AM', with a callout box stating 'PRR date has not changed'. A third red arrow points to the 'View' and 'Edit' buttons, with a callout box stating 'Select 'View' or 'Edit''.

At this time the Region\Owner Contractor will advise via email if any changes are needed. Automatic notifications are still in the developmental stages.

Selecting Edit will allow the User to make any necessary changes to the PRR.
