Summer 2024 Mini-Grant Cycle

PURPOSE OF MINI-GRANT FUNDS

The purpose of the mini-grants is to build community capacity through partnerships and collaborations to increase prevention sustainability. The intent of the funds is that they be used as “seed” money to start programs, organizations, community coalitions, etc., in areas where funding is lacking.

While we believe that there are many areas of prevention that need attention, these funds will only be awarded to activities geared toward preventing alcohol, tobacco, and other drug (ATOD) use. It is important that the activities you are coordinating are consistent with those that have been prioritized by the Regional Prevention Coordination. Thus, to be considered for funding, you must receive technical assistance from the prevention team.

TECHNICAL ASSISTANCE

Technical assistance involves a dialogue between you and the prevention team, and it should begin as early as possible to ensure the most effective programming is proposed. At a minimum, this dialogue should include, but is not limited to:

- Proposal
- How it relates to the federal prevention framework
- Budget
- Plan for implementation
- Qualifications of trainers
